## NAMES AND NUMBERS

Of Institutions, Firms, People and Phones Most Often Called in Ocala

The following condensed telephone directory is published for the benefit of the Star's readers. No charge is made for any of the entries in it. It covers the city departments, the railroads and telegraph offices, the offices and residences of all the doctors in the city, the hospital and trained nurses—in fact, all the points likely to be most needed.

A directory is attached to each phone, but people often have occasion to learn a telephone number when they are at a distance from both the phone and the book, and it is principally for the convenience of these that the directory is published.

CHILD CROSS? FEVERISH? SICK? A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; sour stomach with diarrhoea; grinds teeth while asleep, and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble.

WARNING "Do not expose to LIGHT" "Keep this Cover On"

We extend the hand of warm fellowship to everyone who raises the pure beer flag.

The brewing industry is one of the greatest in the world.

The beer drinking nations are among the strongest.

No one can afford to take chances with the purity of beer.

That's why the light bottle is condemned.

It is insufficient protection from light—which starts decay even in pure beer.
